

海洋観測で測定した底層水温(単位:℃)

塩屋埼

Table with columns for year (1999-2019) and depth (55m). Rows show monthly temperature data for the salt house cape area.

Table with columns for year (1999-2019) and depth (109m). Rows show monthly temperature data for the salt house cape area at 109m depth.

Table with columns for year (1999-2019) and depth (136m). Rows show monthly temperature data for the salt house cape area at 136m depth.

Table with columns for year (1999-2019) and depth (180m). Rows show monthly temperature data for the salt house cape area at 180m depth.

Table with columns for year (1999-2019) and depth (430m). Rows show monthly temperature data for the salt house cape area at 430m depth.

Table with columns for year (1999-2019) and depth (678m). Rows show monthly temperature data for the salt house cape area at 678m depth.

富岡

Table with columns for year (1999-2019) and depth (23m). Rows show monthly temperature data for the Tomogane area.

Table with columns for year (1999-2019) and depth (43m). Rows show monthly temperature data for the Tomogane area at 43m depth.

Table with columns for year (1999-2019) and depth (97m). Rows show monthly temperature data for the Tomogane area at 97m depth.

Table with columns for year (1999-2019) and depth (137m). Rows show monthly temperature data for the Tomogane area at 137m depth.

Table with columns for year (1999-2019) and depth (268m). Rows show monthly temperature data for the Tomogane area at 268m depth.

Table with columns for year (1999-2019) and depth (466m). Rows show monthly temperature data for the Tomogane area at 466m depth.

Table with columns for year (1999-2019) and depth (611m). Rows show monthly temperature data for the Tomogane area at 611m depth.

Table with columns for year (1999-2019) and depth (865m). Rows show monthly temperature data for the Tomogane area at 865m depth.

鵜ノ尾崎

Table with columns for year (1999-2019) and depth (20m). Rows show monthly temperature data for the Ueno no Ozaki area.

Table with columns for year (1999-2019) and depth (28m). Rows show monthly temperature data for the Ueno no Ozaki area at 28m depth.

Table with columns for year (1999-2019) and depth (38m). Rows show monthly temperature data for the Ueno no Ozaki area at 38m depth.

Table with columns for year (1999-2019) and depth (106m). Rows show monthly temperature data for the Ueno no Ozaki area at 106m depth.

Table with columns for year (1999-2019) and depth (143m). Rows show monthly temperature data for the Ueno no Ozaki area at 143m depth.

Table with columns for year (1999-2019) and depth (324m). Rows show monthly temperature data for the Ueno no Ozaki area at 324m depth.

Table with columns for year (1999-2019) and depth (507m). Rows show monthly temperature data for the Ueno no Ozaki area at 507m depth.

Table with columns for year (1999-2019) and depth (820m). Rows show monthly temperature data for the Ueno no Ozaki area at 820m depth.
