

Dear Incoming JETs,

Hello and welcome to Fukushima! We here at FuJET are excited to meet you all and hope your moving-to-a-whole-other-country process up until this point has gone smoothly!

Attached with this letter is the FuJET's 2021 Don't Panic Guide. This guide will give you extra information on various things pre-departure, as well as guides on working as an ALT and living in Fukushima in general. We hope that this will serve you well as you tie up any loose ends and continue preparing for your departure.

Throughout your time in Japan, please feel free to use FuJET as a resource and contact us if ever you have questions or concerns. FuJET is the Fukushima branch of AJET, a national organization run by JETs that works to provide professional and emotional support to current JETs. We also plan a number of events throughout the year, including a trip to Sapporo for the Snow Festival and a canyoning and river rafting trip, among others.

Due to COVID-19 and the uncertainties that come along with it, some of the events on our lineup may be changed or cancelled. We shifted our focus from other prefectures to exploring Fukushima. We will host at least two events a month, one online and in person. So far, in summer, we have hosted a lot of hikes.

You can find additional information about FuJET and life in Fukushima in general on our website: <https://fujet.org/>. Please also join the Fukushima ALTs Facebook group to stay up to date on events in Fukushima and keep in touch with other JETs. We are also very active on Instagram, [fukushimajet](#), so please give us a follow.

Feel free to reach out to us with any questions you may have! Welcome again, and enjoy your Fukushima life!

Best regards,

Marc Borcena
